

Happy Labor Day! Welcome Fall!

Father, our Father, Creator and Savior we thank and praise You! We thank You for another month and season!

Have mercy on us as this pandemic, Covid19 continues to surge! Protect and cover us! Lead and guide our leaders!

May we receive Your many blessings for our families, friends, neighbors and co-workers!

We pray for our schools. We pray for our children back in school as they grow and learn!

You said, "Come to Me, all you who labor and are heavy laden, and I will give you rest". Thank You for our jobs and this day of rest!

We pray for all of our sick and shut-ins! May September bring healing, restored health and total wellness!

Father God we thank You for our grandparents as we honor them with love and respect!

Let us become aware and pray for commitment and action to prevent suicides! Life is precious and with Jesus we can have love, peace, hope and joy!

In the Name of Jesus, as the weather gets cooler, golden leaves fall from the trees, nights get longer we thank You! Let us harvest whatever is pure, noble, right, lovely and admirable! Amen!!!!
