

## *Joy to the World! Merry Christmas!*

Oh Mighty God, Holy God, we come to thank you! We come to adorn you! We come to praise you! We come to Magnify You!!

We are approaching the end of another year of blessings! We've gone through sickness and pain, heartaches and strains, storms and rains, but You Father, You brought us through! Hallelujah! Thank You!

Thank you for Jesus! Thank you for salvation! Thank you for providing for, protecting and covering our families and friends! Thank You for healing us and making us whole! Thank You for comforting us and giving us strength during our bereavement!

In the Name of Jesus, as we come to celebrate your birth, bless us to be loving and kind with a heart of giving and sharing! Father, supply all our needs as we look forward to a new year!

You are good, you've been good and will always be good! You came to bring joy, peace and love! And heaven, and heaven and nature sing! Reign in the world, in our nation, in our states, counties and cities! Humble us LORD to receive you in our lives, homes, jobs, schools and churches!

*Amen, Amen, Amen!!!*
