" God is Love"

Our Father in heaven, God of love, we come with praise and Thanksgiving! God of love, grace and mercy, we thank You! Give us patience and strengthen our faith during these difficult times of sorrow and grief!

Father, God as we celebrate "Black History Month", let us be grateful for our past, be faithful in the present and always looking to God for our future!! Help us to be obedient to Your Word and rejoice in Your protection and provisions!

Special prayers for all of the sick, especially the ones being healed from cancer! You are a healer! Heal us O God and we shall be healed!!! Hallelujah 🙌 We seek You for physical, spiritual, emotional, mental and financial healing!

We are praying for our president and all elected leaders! Praying for wisdom, guidance and direction! God bless us! Bring about change! Renew our hearts and minds about racism, hatred, violence, killings, and prejudices!

Father, during this winter season, hear and answer our prayers in the Name of Jesus! Amen!!!
