

"Happy Mother's Day "

Our Father, Protector, Healer and Provider!

We thank You! We come praising You for another month! Thank You for all Your many blessings!

Father, we Thank You for our mothers, grandmothers and Godmothers!

Grant and supply all their needs! Give them wisdom and courage to give life and face all life that children bring! Restore and renew their bodies! Lift their spirits and fill them with love and peace! Bless their homes as they seek You Father and please You!

Strengthen Mothers in their many roles of wife, caregiver, cook, model, trainer, servant, nurse, driver, listener and teacher!

Shower us with health, blessings and happiness! Remove all of our fears, stress and doubts in our hearts. Comfort us as always.

In the Name of Jesus! Amen!
