

Happy Father's Day and Juneteenth! Welcome Summer!

Father God, in the Name of Jesus we come to say Thank You! You are worthy to be praised!

Thank You Heavenly Father for our earthly Fathers. Strengthen them as they head our families. May we show love as we honor them this month! Forgive our fathers that neglected their duties and positions.

LORD God, Creator, thank you for the warm breeze and more daylight! Thank you for times of vacation, rest and relaxation! May we enjoy your blue skies, parks, lakes and beaches as we gather with family and friends! Traveling grace by land, air and sea!

Father, thank you for this month as we reflect and remember Juneteenth! As we celebrate freedom and justice all, we are still praying against oppression, injustice, violence and denied rights!

Father, thank You for your abundant love, grace and mercy!

Thank You for continued blessings in the Name of Jesus! Amen!!!
